The **LOCAL HISTORY GROUP** requires a lot of TLC. There are a few keen members of this group but they are all new to Dunedin and don't really know a lot about the city and surrounds. We really need someone who knows a lot about Dunedin and is keen to pass on their local knowledge to others to take over the facilitating of this group. We have usually been meeting where our interests have taken us as a group e.g. Dunedin Railway station and First Church, each contributing with our research. After each visit we usually continue our discussions over a cup of tea in a local café. So if you feel you are the person for this role could you please contact Ngaire Bates in the first instance on 454 2170. Even if you would just like to join the group also give Ngaire a call.
