The **MUSEUM GROUP** meets at the reception desk of the Otago Museum, on approximately a monthly basis. Interested people should contact Doug Holborow directly. We have not reconstituted for 2017, so at present I don't know how big the group will be for this year. We can accommodate about 12 comfortably. We meet to focus on an exhibit or set of exhibits and try and find out stuff beyond the exhibit itself. We have visited the basement area on a couple of occasions, and have had talks by specialists. We decide when we will meet again, at the end of a particular session, but on the first occasion I will contact everyone and set a day and time. It won't be until February.
