

THE DUNEDIN PUBLIC ART GALLERY **SOCIETY** IS PLEASED TO PRESENT

The incredible story behind the cross-cultural collaborative artworks of IMANTS TILLERS and MICHAEL NELSON JAGAMARA...

A TALK BY GAVIN LEUZZI

Gavin Leuzzi, art historian and curator currently working at the Dunedin School of Art, Otago Polytechnic, will talk about the incredible story behind the cross-cultural collaborative artworks of **Imants Tillers** and **Michael Nelson Jagamara**. It is a story that traverses the international success of Jagamara and the Western Desert art movement in the 1980s, the considered yet controversial postmodern engagement with that success by Tillers, and the subsequent form of rapprochement achieved by the artists this century through shared artistic labour. All welcome.
