# Providing Services for Dunedin

A look at a range of the Services we normally take for granted. These take very significant knowledge, skills and resources to provide and maintain, and they are essential to the quiet enjoyment of our civilized life.

Presented by senior managers and technical staff, these presentations will be more about the behind-the-scenes practicalities than the political stories that reach the media. There will be plenty of time for questions.

## **4 March Railways 101**

*Neil Campbell, Kiwirail Regional Manager, Infrastructure and Engineering, Southern*

### **All at sea**

*Lincoln Coe, Chief Engineer, Port Otago*

## **11 March Turn the tap on**
