Email: joyhayward@hotmail.co.nz

Phone: 454 4996 or 021 150 8387

The **MONDAY CURRENT AFFAIRS GROUP** has discussed a wide range of topics of both national and international importance. We decide on the following month's topic in advance. Sometimes we all research the topic and at other times one person presents information for discussion. In this way group members can contribute as little or as much as they like. Some topics we have covered have been: The American elections, Dunedin Local Body Elections, Climate Change, Brexit, Globalisation, Privacy and what Governments know about us, Water as an important resource, and the state of our Mental Health system in New Zealand.

Not to mention the cannabis and End of Life referendums that are coming up shortly.
